Where fuel costs factor in to vendors' ability to offer the KVCOG Joint Purchase competitive pricing, please be as flexible as possible when arranging delivery in order to allow our vendors to make multiple deliveries within in region at the same time.

For Portland Plastic Pipe Orders: Please note that total orders under \$6000 and above \$4000 will incur a \$300 deliver fee and orders under \$4000 will incur a \$500 delivery fee. Despite this additional charge, KVCOG has determined that Portland Plastic Pipe is still the lowest bidder on all sizes of plastic culvert. *This order may be combined with Geotextile to meet minimum purchase total requirements.*
